				Tue	31	15:30	18:30	TY	
				Thu	31	9:30	12:30	CW	

Note: *Class offered to part-time students

Principles of taking the GE Elective Modules

(a) Students are only allowed to take GEE modules that are outside the realm of their programmes as the goal is to broaden their perspectives and knowledge base. The corollary is that students will not be allowed to take a GEE module in the realm of their programmes, even if the module is offered by other Faculties or the School of General Education and Languages.

For those students who have not been shortlisted but want to take GEE module(s) in Semester 1, AY2018/19, please contact your Home Faculty immediately for consultation and necessary arrangement.

(b) Students joining 4-year full-time programmes have to take at least two GEE modules from two different Faculties other than their own / School of General Education and Languages.

(c) Students exiting with a Higher Diploma have to take one GEE module from a Faculty other than their own / School of General Education and Languages.

(d) Year-3 entrants are required to take at least one GEE module from a Faculty other than their own / School of General Education and Languages.

(e) Part-time students sharing same entry requirement with Year-3 entrants are required to take at least one GEE module from a Faculty other than their own / the School of General Education and Languages.

(f) Students who have dropped GEC4101 Chinese 1 and GEC5102 Chinese 2 will need to take two extra GEE modules to fulfil the graduation requirement.

(g) Students of Bachelor of Science (Honours) in Surveying are allowed to take "GEE5103 Living with Sustainable Materials" to fulfil the graduation requirement with effect from Semester 1, AY2018/19.

(h) Year 3 and Year 4 students of Recreation Management specialisation of Bachelor of Social Sciences (Honours) in Sports and Recreation Management Programme are not allowed to take "GEE5106 Tree Safety Inspection & Climbing", "GEE5208 Accounting for Non-Accountants" and "GEE5210 Essentials in People Management" to fulfil the graduation requirements. These three GEE modules will not be counted for fulfilling graduation requirement for students of Recreation Management specialisation even they took the module(s) in their Year 1 and/or Year 2 study. This requirement also takes effect retrospectively to the cohorts of AY2012/13 to AY2015/16.

(i) Students of Bachelor of Arts (Honours) in Professional Accounting are not allowed to take "GEE5308 Web Technology & E-Commerce" to fulfil the graduation requirement with effect from the Year-1 and Year-3 entry cohorts of AY2018/19. The students other than the above cohorts are allowed to take "GEE5308 Web Technology & E-Commerce" to fulfil the graduation requirement.

(j) Students of Bachelor of Science (Honours) in Health Care Programme are allowed to take "GEE5203 Corporate Social Responsibility in Action" to fulfil the graduation requirement with effect from Semester 1, AY2016/17.

(k) Students of Bachelor of Arts (Honours) in Public Relations and Management who take “MCC5211 Human Resources Management” as programme elective are not allowed to take “GEE5210 Essentials in People Management” to fulfil the graduation requirement. This requirement also takes effect retrospectively to the cohorts of AY2012/13 to AY2015/16.

(l) Students are allowed to either take “GEE5304 Nutrition & Health” or “GEE5307 Food in Daily Life” but not both modules to fulfil the graduation requirement.

(m) Students are allowed to either take “GEE5305 The Art & Science of Film” or “GEE5416 Beyond Hollywood: Introduction to World Cinema” but not both modules to fulfill the graduation requirement.

Remark:

(1) Students, who take “GEE5416 Beyond Hollywood: Introduction to World Cinema”, have to be over 18 years old.
