Agenda and checklist for the design review:

1. Progress made in the period:	Provide detailed information on the progress
2. Difficulties encountered:	Explain the difficulties and issues
3. Tasks to be completed:	Outline the tasks to be completed

Remarks:

Students should prepare design information and explain to the design tutors about the progress of their work. Discussions about the design issues, design requirements and design skills may be made during the design review session. Students should refer to the course website and Moodle for details of the design requirements, assessment rubrics, design guides and references.

Students should arrive on time and make the best use of the available time (15 minutes each group) for reporting and discussion. If needed, students may contact the design tutors by email to ask questions, raise the discussion issues on the Revizto BIM collaboration platform, or make an appointment with the design tutor(s) for further discussion.
